

PROGRAM SUMMARY

HAVE YOU EVER WONDERED,
“What’s next?”

Leading women on a journey of discovery.

PROGRAM SUMMARY

How the Program Works

The Master's Program for Women (TMPW), is a strategic development program that is designed to answer women's deepest questions and help them gain a unique and new understanding of their Kingdom Calling. **TMPW** focuses on a woman's ability to manage the foremost issues in life, including faith, family, career, relationships and the varied opportunities to serve that tug at them everyday.

Kingdom Building Lifestyle

One day per quarter, women meet together to receive training, tools, resources, peer interaction, discussion, encouragement and real life examples that help them discover and pursue the dreams God has for them. Each year is broken up into four sessions that address all areas of life in a deeper way, providing opportunity for growth in: physical, intellectual, relational, spiritual, financial, career, family, church, community, Kingdom.

Participants in **TMPW** also have access to their coach outside of the quarterly meetings and are partnered together with women in the program to build relationships and accountability.

Bob Shank
TMP President & Founder

Sandy Olsson
Founder TMP for Women

Nadya Dickson
TMP for Women National Director

MISSION

TMPW Coaching women to THRIVE by finding and fulfilling their God-given Purpose in life.

TMPW's structure is similar to an executive graduate program, moving deliberately through a process that brings tools, training, outside resources, peer interaction and real-life examples so participants get the maximum experience out of a minimal time commitment.

TMPW is intentionally relational in its emphasis and focuses first on the participant's ability to achieve fitness in the personal, family, professional and Kingdom realms of life.

TMPW helps each participant maximize her fruitfulness by leading her toward a life of reduced distractions, increased margin (time), and personal entrepreneurship.

BENEFITS

What you can expect to take away

- ❖ Clarify focus through self-discovery, self-awareness and personal entrepreneurship.
- ❖ Enlarge your leadership capacity for new territories.
- ❖ Recognize and leverage your unique God-given Strengths, Passion and Potential.
- ❖ Strategically pursue your Kingdom Calling and Significance.
- ❖ Increase personal growth in all areas of your life through an understanding of Biblical Lifemastery.
- ❖ Build relationships with women who are on the same journey.

“The Master’s Program for Women was a great opportunity for me to still the daily busyness and strategically think about each area of my life. Dialoging with the women in the small group created a vehicle to process the growth I felt God was orchestrating in my life. I found that I was developing a grid to evaluate not only my ministry involvement, but the facets of my job, family, and personal life to be more God-honoring. Ultimately, I was forced to deal with the question of how my life was impacting the Kingdom of God.”

TMPW CURRICULUM

The three year curriculum construct of **The Master's Program for Women (TMPW)** addresses three primary areas essential for primary impact: balance, margin, and focus

BALANCE

Want to regain time?

When Balance is absent in our lives, our most precious resource, time, is held captive to the urgent. Too often the imbalance creates a loss of personal margin, that is, a bankruptcy of time, resources, and creative energy available for Kingdom leadership.

In **The Master's Program for Women**, this emphasis on a balanced life assumes that wholeness comes from an equality that connects all the segments of life. With balance, we achieve an authenticity in our professional, personal and Kingdom relationships.

MARGIN

Modern leadership presumes more commitment than capacity, leaving us feeling overwhelmed and unavailable for significant Kingdom assignments. In **TMPW**, we examine the concept of the 80/20 Principle to life's key roles, allowing the best results from reduced efforts, while creating white space now available for new engagements, dreams and passions God designed you for.

With margin in the resources of time, energy, money and creativity, Kingdom opportunities becomes much more available in all areas of life.

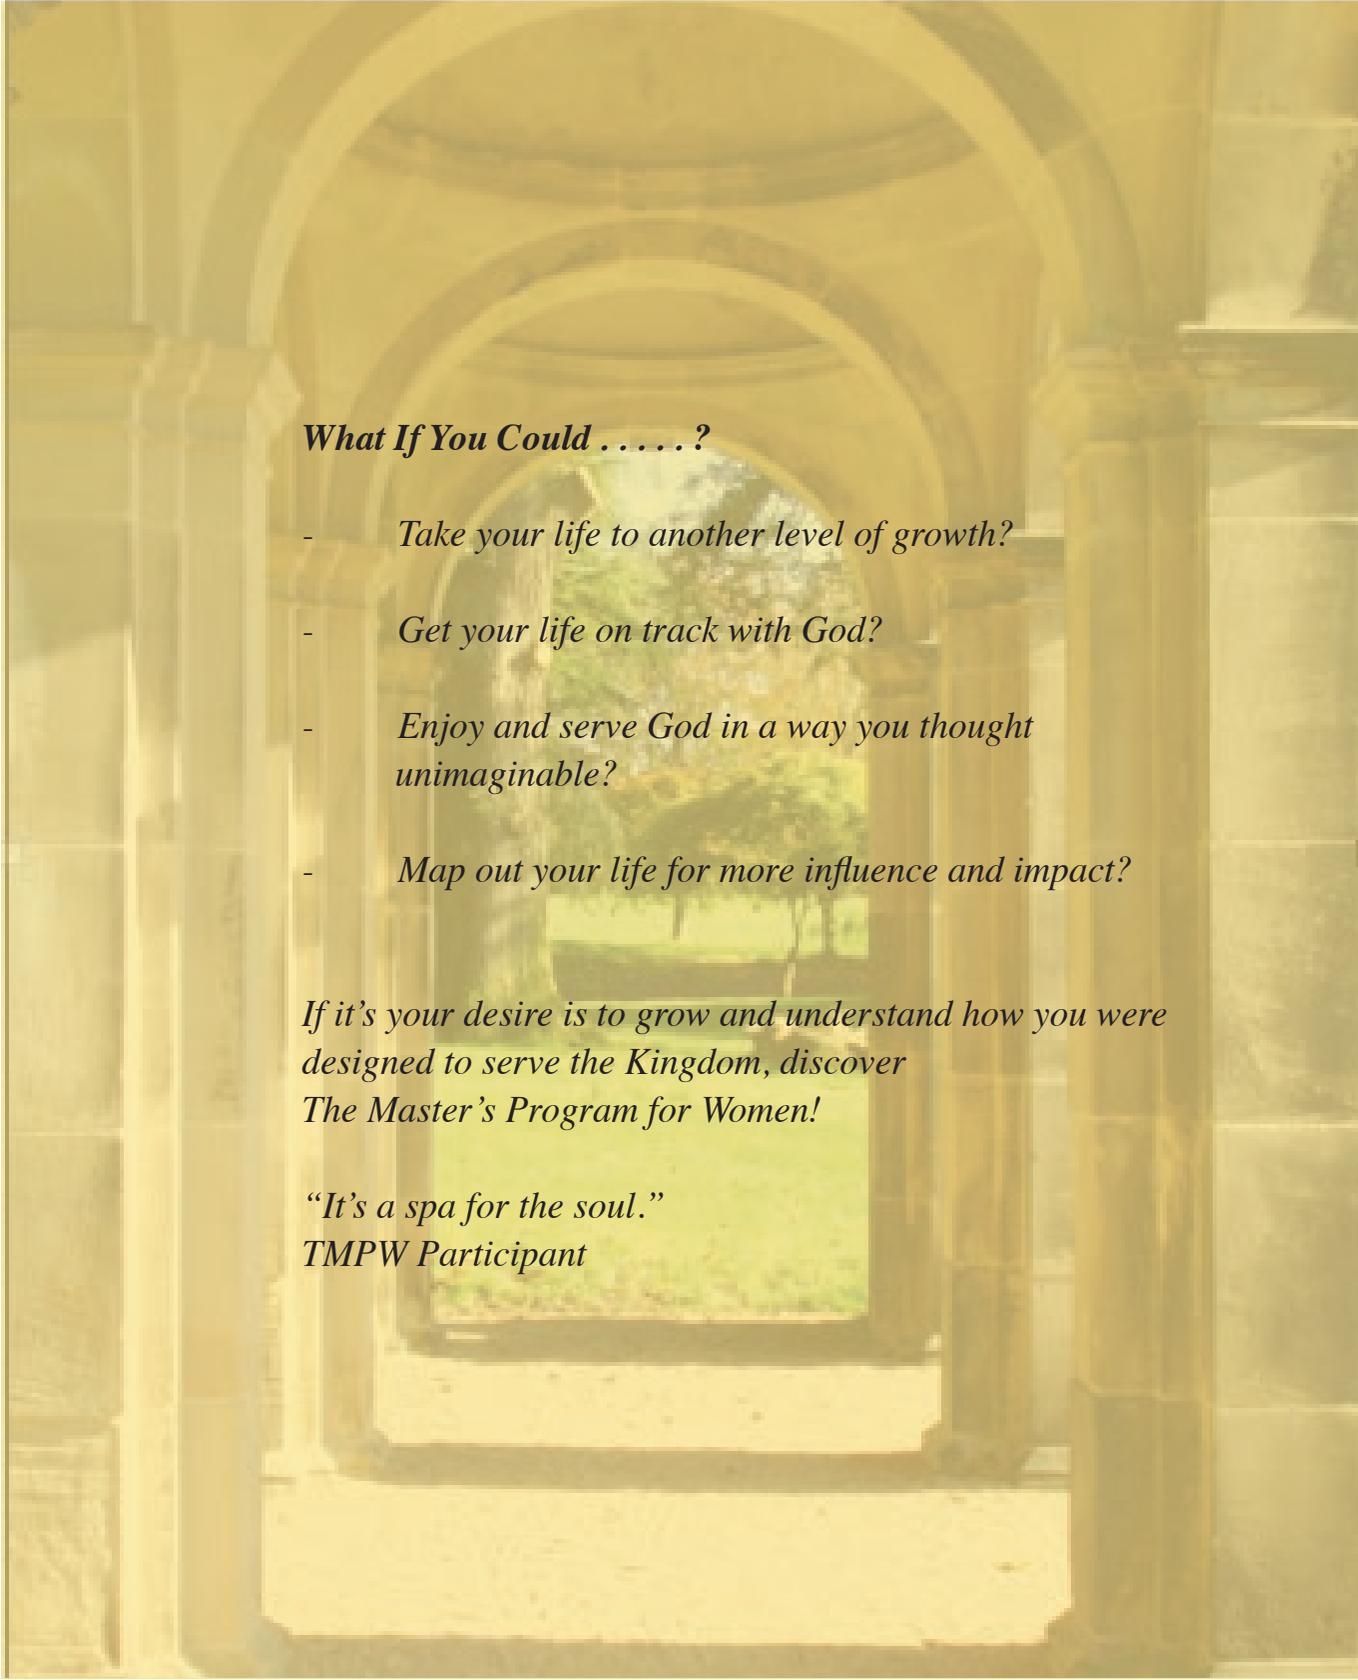

FOCUS

Volunteer activities and board or committee positions are frequently the full extent of a women's Kingdom identity. The most crucial discovery a woman will ever make is the mystery of her unique, personal Kingdom Calling. This individualized imprint will define her place of essential irreplaceability. Building focus into your life, will help you achieve leverage for future Kingdom opportunities.

During **TMPW**, each participant's group convenes for 12 half-day interactive content sessions. Spaced quarterly and contained in 12 notebooks of curriculum, **TMPW** establishes a comprehensive, holistic, and biblical entrepreneurial worldview.

HISTORY

Shortly after Bob Shank launched the TMP for men in 1997 in Southern California, Sandy Olsson began teaching classes to women and founded TMP for Women in 2000. New classes began forming nationwide in Charlotte, Houston, Northern California and Nova Scotia. In 2016, Nadya Dickson, Beverly Pop and Gail Jones became Regional Directors and a National Board was installed.

Today, over 400 women have either graduated or are currently participating in TMP for Women Nationwide and Internationally.

In 2016 we launched TMP for Women in New Delhi, India. Since then, we now have classes in Mumbai and Kolkata.

We now serve 12 cities in the US and Canada with 11 Coaches and Teaching Leaders. We look forward to adding more cities as we launch new classes and train new TMP Coaches in 2018.

“The role of a wife, mother and career women brought on a blessed and very full life, yet I was not fulfilled. I knew and felt there was one ultimate role God had been calling me for and was unsure how I could accomplish it, without affecting everything else. The Master’s Program for Women allowed me to find margin by focusing on the things that mattered most, equipped me with tools for the journey and reminded me to harness the power of God’s Word by having faith in His great plan. I am privileged to have gone through the program and now blessed enjoying my new significant role in building God’s Kingdom.”

Faye Vaafusuaga
The Fountain of Knowledge Foundation
– New Zealand

“During the three years I was in The Masters Program for Women I learned three lifelong lessons. 1) our passion for the Kingdom can be used in the capacity we are in today. 2) Building the Kingdom is a God given calling. 3) the wise use of our time, talent and money is a God given directive. As a single mom I juggle many balls at once, The Masters Program for Women not only helped fine tune every role I play daily but it also encouraged me to commit to paper my dreams for today and prepare for my second half. The close and genuine friendships I developed were a big blessing. Joining together with women who have a Godly passion and having the opportunity to fan the flame of God’s passion in each other’s lives is one of my greatest take aways. The Masters Program for Women can be an excellent way to bring forth those dreams that have been stirring inside. You get what you put into the program. If you are ready for this exciting season in your life, The Masters Program for Women will be one of the best investments you will ever make.”

Arlene Bautista
StateFarm Agent

“Wherefore I put thee in remembrance that thou stir up the gift of God, which is in thee by the putting on of my hands.” Second Timothy 1:6

I am very grateful for three years of in depth spiritual guidance and training through The Masters Program for Women because it has taught me to –“stir up my gifts.” My background in theology has taught me much about the Bible and little about myself. Now, I have a better understanding of the Bible and my assignment in God’s Kingdom. To be successful in your calling you need theology, me-ology, and knee-ology because with all three you have a sturdy foundation (Father, Son, and Holy Spirit). Amen!

APPLY

The Master's Program for Women holds 12 quarterly sessions over a three year period in an environment that fosters full engagement and inspiration to dream big.

The Master's Program for Women (TMPW) is offered to women who support the program through a non-deductible fee and a tax-deductible pledge each year of \$1500 nationwide.

From your \$1500 yearly fee, a non-deductible amount of \$500 is used for meals, curriculum and books that are distributed to the participants in the program. These items have tangible retail value and are not receipted for tax deduction purposes. The remaining \$500 is a tax-deductible contribution to the ministry of The Master's Program for Women.

Both checks or credit cards are acceptable forms of giving. Payments can be made monthly or quarterly. Enroll at www.themastersprogramforwomen.org
